The Tastingbook points (Tb points) given to this wine are the world's most accurate and up-to-date evaluation of the quality of the wine. Tastingbook points are formed by the Tastingbook algorithm, considering the wine ratings of the world's 50 best-known professional wine critics, wine ratings by thousands of Tastingbook professionals and users, and the generally recognized vintage quality and reputation of the vineyard and winery. Wine needs at least five professional ratings to get a Tb score. Tastingbook.com is the world's largest wine information service, unbiased, non-commercial, and free for everyone.
